**DETAILED ACTION**

1. The response filed January 6, 2009 has been received and considered for examination. Claims 1-16 remain pending.

***Allowable Subject Matter***

2. Claims 1-16 are allowed.

3. The following is an examiner's statement of reasons for allowance: for detailed reasons of allowance see pages 3-5 of the office action mailed on October 6, 2008. In addition to the prior reasons of allowance, the prior art of record fails to specifically teach the claimed configuration of a processing chamber located below the shredder such that, when the output door is open, waste deposited in the waste input container passes through the output opening and through the shredder, and shredded waste drops into the processing chamber, where the shredded waste is exposed to ozone gas that is supplied to the processing chamber from an ozone gas source connected to the chamber, all in combination with the claimed environment. Therefore, claims 1-16 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

***Conclusion***
